3.3. The formal pre-application response written in relation to the above proposal was received on 29 October 2012 from Hugh Miller, and states the following in relation to the development proposals:

- The change of use to residential may be acceptable but subject to the existing building not being used for community uses as per policy DP15.
- The unit size and mix is unacceptable. The provision of 4 x 1 bedroom flats is based on erection of a 3-storey side extension but, as a lower 2-storey high one would be more appropriate this may reduce the numbers of 1 bedroom flats.
- A roof extension is acceptable but a well designed mansard roof extension would be more appropriate excluding the roof terrace and staircase enclosure.
- A 2-storey side extension is considered to be the maximum allowed subject to satisfactory design and use of materials.
- A day/sunlight study of the extensions' impact on the amenity of neighbours in 165-167 Kings Cross Road is required.
