**Response:**

I support this application. In an area where all social activity for children is to be greatly welcomed, this is a useful and positive initiative to the benefit of all.

**Response:**

As a parent of CFBL, I support this project as it would provide sports facilities to the pupils of CFBL. That will provide the children with more choices of sports activities as it is currently very limited. It is also very close to the school and it is a very good use of this venue if it can be used both by the local community and the local CFBL school.

**Response:**

We have seen the development of the Swiss Cottage leisure center which is extensively used by the local community and successfully revived the area. Hence, we can only support similar projects dedicated for sports and play.

**Response:**

It would be a great structure, enabling indoor sports which I think we do not have enough in kentish town neighbourhood. Great initiative!
