Dear Ms Litherland

Re: 5 & 7 Hilltop Road. Planning Application 2013/5804/P

I have lived at my above address since 1981. I am now elderly and spend most of my time in my home, which overlooks 5 and 7 Hilltop Road. It beggars belief that Mr Golesorkhi has applied, yet again, to build two ugly and disproportionate-sized extensions at the above addresses. I strongly object to his latest planning application. I would also like to register a complaint with Camden Council for not notifying me of these applications, given that I am directly affected by anything this property developer proposes.

The latest application to extend the two properties again shows buildings which will not only be an eyesore for every person who has a window in the Swiss Cottage Conservation Area overlooking these properties, but will also affect my outlook, quality of life and amenity. The proposed extensions are too wide, high and long. These proposed extensions go beyond 4 metres from the original rear wall of the house in each case, and is particularly so in the case of the extension at Number 7 Hilltop Road which is closest to my home. They will furthermore destroy the line of these lovely Victorian houses which adjoin our precious green garden enclave.

Camden Council has already stated that it will resist a development where there is a loss of garden space which contributes to the character of the townscape. Given that, I hope you reject Mr Golesorkhi's proposed extensions at 5 & 7 Hilltop Road.

Furthermore, I do not believe these extensions will be for single occupancy - the developer is trying to pull the wool over our eyes and this eyesore will not be beneficial but a detriment to all who live within the proximity of numbers 5 & 7 Hilltop Road.

I object most strongly to these proposed extensions and request that you refuse planning permission.

Please keep me informed of the outcome of this latest application and confirm you have received my letter, by email or by writing to me at the above address.

Yours sincerely
