2013/5568/P	The Castle 147 Kentish Town Road London NW1 8PB	Elaine Quigley		23/09/2013 10:42:44	COMMNT

Response:

I object to the period facade of the building being demolished especially given that Kentish Town Road in the area between Camden Town Tube and Prince of Wales Rd has very few period buildings and is visually quite sore on the eye already with its mostly run-down and neglected mixed use buildings. Why do we not force developers to keep period exteriors? This is our collective history and especially vital to keep in an area devoid of much architecturally redeeming buildings already.
