<p>The site is situated on the western side of West End Lane, and is a mid terrace three storey property with an integral garage. The dwellinghouse forms part of a wider development constructed in the 1960's.</p> <p>The Councils planning records provide very limited information regarding the history of the above site or the original permission for the development. It is unknown from the Councils planning records if the original planning permission for the erection of the dwellinghouse and the wider development included any limiting conditions on the property; such as removing or restricting permitted development rights for the dwellinghouse, or protecting the use of the</p>		

garage for vehicle accommodation.

Thus in the absence of any information to indicate otherwise, it is considered that the alterations to the façade of the single dwellinghouse, in order facilitate the conversion of the garage to habitable space, is considered to be permitted development by virtue of Schedule 2, Part 1, Class A of the Town and Country Planning (General Permitted Development Order) 1995 (As amended).

The development is considered to be LAWFUL.
