Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) Order 2010
Town and Country Planning (Applications) Regulations 1988

Variation or Removal of Condition(s) Granted Subject to a Section 106 Legal Agreement

Address:
1 Radlett Place
London
NW8 6BT

Proposal:

Minor material amendment of condition 2 (development to be constructed in accordance with the approved plans) and removal of condition 4 (submission of details relating to the glazed link) of planning permission 2012/5781/P dated 25/06/2013 (Erection of a building comprising ground and first floors with two storey basement for use as a single-family dwellinghouse), namely for the removal of the single storey glazed link between the main house and the staff accommodation and the single storey element to the family living area. Erection of security gates in place of the glazed link, along with alterations to the elevations including replacement of windows with doors and addition of windows at ground floor level, and amendments to the exact siting of louvres, and changes to internal layout. Removal of condition 4 (details of glazed link).

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted shall be carried out in accordance with the following approved plans:

001_PL01; 002_PL02; 003_PL02; 020_PL05; 021_PL06; 022_PL08; 023_PL07; 024_PL06; 025_PL04; 202_PL11; 203_PL11; 204_PL03; 300_PL03; 305_PL03; 306_PL03; 500_PL01; 501_PL01; 502_PL01; 503_PL01; 505_PL02; 506_PL01; 507_PL01; 508_PL02; 509_PL01; 510_PL01; 511_PL01; 512_PL01; Design and Access Statement and addendum by Osel Architecture; BRE-00018004-DS-001-00-0001 - CSH Certificate; Basement Impact Assessment (Ref: J1219-Doc-05, Revision X3); Flood Risk Assessment (Ref: J1219-Doc-08, Revision X2); Structural Engineering Report (Ref: J1219-Doc-09); M22-T1; M6-P1; PTL 454 - Radlett Place - External Lighting Solutions; PV1-P1; Planning Statement and addendum by Savills; Construction and Environmental Plan; Renewable Energy Statement and Sustainability Report for the M&E Services; Arboricultural Development Report; Environmental Noise Survey; Lifetimes Homes Assessment (Revision A)

Reason: For the avoidance of doubt and in the interest of proper planning.

- 2 Samples of all facing materials shall be submitted to and approved in writing by the local planning authority before the relevant part of the work is begun.

The relevant part of the works shall be carried out in accordance with the details thus approved and all approved samples shall be retained on site during the course of the works.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 3 Within 3 months of the date of this planning permission full details in respect of the green roof in the area indicated on the approved roof plan shall be submitted to and approved by the local planning authority. The buildings shall not be occupied until the approved details have been implemented and these works shall be permanently retained and maintained thereafter.

Reason: In order to ensure the development undertakes reasonable measures to take account of biodiversity and the water environment in accordance with policies CS13, CS15 and CS16 of the London Borough of Camden Local Development Framework Core Strategy and policies DP22, DP23 and DP32 of the London Borough of Camden Local Development Framework Development Policies.

- 4 The measures detailed in the Arboricultural Development Report demonstrating how trees to be retained shall be protected during construction work shall be enacted prior to the commencement of the development hereby approved, and remain in place until the construction is completed. All trees on the site, or parts of trees growing from adjoining sites, unless shown on the permitted drawings as being removed, shall be retained and protected from damage in accordance with the approved protection details.

Reason: To ensure that the development will not have an adverse effect on existing trees and in order to maintain the character and amenity of the area in accordance with the requirements of policy CS15 of the London Borough of Camden Local Development Framework Core Strategy.

- 5 In the event that additional significant contamination is found at any time when carrying out the approved development it shall be reported in writing immediately to the local planning authority. An investigation and risk assessment shall be undertaken in accordance with the requirements of the Environment Agency's Model Procedures for the Management of Contamination (CLR11), and where mitigation is necessary a scheme of remediation shall be designed and implemented to the satisfaction of the local planning authority before any part of the development hereby permitted is occupied.

Reason: To protect future occupiers of the development from the possible presence of ground contamination arising in connection with the previous industrial/storage use of the site in accordance with policy CS5 of the London Borough of Camden Local Development Framework Core Strategy and policy DP26 of the London Borough of Camden Local Development Framework Development Policies.

- 6 The lifetime homes features and facilities, as indicated on the drawings and documents hereby approved shall be provided in their entirety prior to the first occupation of any of the new residential units.

Reason: To ensure that the internal layout of the building provides flexibility for the accessibility of future occupiers and their changing needs over time, in accordance with the requirements of policy CS6 of the London Borough of Camden Local Development Framework Core Strategy and policy DP6 of the London Borough of Camden Local Development Framework Development Policies.

- 7 Notwithstanding the provisions of Article 3 of the Town and Country Planning (General Permitted Development) Order 1995 as amended by the (No. 2) (England) Order 2008 or any Order revoking and re-enacting that Order, no development within Part 1 (Classes A, C-H) and Part 2 (Classes A-C) of Schedule

2 of that Order shall be carried out without the grant of planning permission having first been obtained from the local planning authority.

Reason: To safeguard the visual amenities of the area and to prevent over development of the site by controlling proposed extensions and alterations in order to ensure compliance with the requirements of policies CS14 and CS5 of the London Borough of Camden Local Development Framework Core Strategy and policies DP24 and DP26 of the London Borough of Camden Local Development Framework Development Policies.

- 8 Prior to occupation of any relevant part of the development, the applicant will have constructed and implemented all the measures contained in the Renewable Energy Statement and Sustainability Report for the M&E Services and such measures shall be permanently retained and maintained thereafter. The measures shall include the installation of a meter to monitor the energy output from the approved renewable energy systems.

Reason: In order to secure the appropriate energy and resource efficiency measures and on-site renewable energy generation in accordance with policies CS13 and CS16 of the London Borough of Camden Local Development Framework Core Strategy and policies DP22, DP23 and DP32 of the London Borough of Camden Local Development Framework Development Policies.

- 9 Noise levels at a point 1 metre external to sensitive facades shall be at least 5dB(A) less than the existing background measurement (LA90), expressed in dB(A) when all plant/equipment (or any part of it) is in operation unless the plant/equipment hereby permitted will have a noise that has a distinguishable, discrete continuous note (whine, hiss, screech, hum) and/or if there are distinct impulses (bangs, clicks, clatters, thumps), then the noise levels from that piece of plant/equipment at any sensitive façade shall be at least 10dB(A) below the LA90, expressed in dB(A).

Reason: To safeguard the amenities of the adjoining premises and the area generally in accordance with the requirements of policy CS5 of the London Borough of Camden Local Development Framework Core Strategy and policies DP26 and DP28 of the London Borough of Camden Local Development Framework Development Policies.

- 10 A suitably qualified chartered engineer with membership of the appropriate professional body has been appointed to inspect, approve and monitor the critical elements of both permanent and temporary basement construction works throughout their duration to ensure compliance with the design which has been checked and approved by a building control body. Details of the appointment and the appointee's responsibilities shall be submitted to and approved in writing by the local planning authority within 1 month of the date of this planning permission. Any subsequent change or reappointment shall be confirmed forthwith for the duration of the construction works.

Reason: To safeguard the appearance and structural stability of neighbouring buildings and the character of the immediate area in accordance with the

requirements of policy CS14 of the London Borough of Camden Local Development Framework Development Policies and policy DP27 (Basements and Lightwells) of the London Borough of Camden Local Development Framework Development Policies.

- 11 Any emergency plant and generators hereby permitted may be operated only for essential testing, except when required by an emergency loss of power. Testing of emergency plant and generators hereby permitted may be carried out only for up to one hour in a calendar month, and only during the hours 09.00 to 17:00 hours Monday to Friday and not at all on public and bank holidays".

Reason: To safeguard the amenities of the adjoining premises and the area generally in accordance with the requirements of policy CS5 of the London Borough of Camden Local Development Framework Core Strategy and policies DP26 and DP28 of the London Borough of Camden Local Development Framework Development Policies.

- 12 Prior to the occupation of the unit hereby approved details of hard and soft landscaping and means of enclosure of all un-built, open areas have been submitted to and approved by the local planning authority in writing. Such details shall include details of any proposed earthworks including grading, mounding and other changes in ground levels.

The works shall be carried out by not later than the end of the planting season following completion of the development and shall be carried out in accordance with the details thus approved.

Reason: To ensure that the development achieves a high quality of landscaping which contributes to the visual amenity and character of the area in accordance with the requirements of policy CS14, and CS15 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 13 Within 1 month of the date of this planning permission a report detailing the presence of soil and groundwater contamination and landfill gas, and a written scheme of remediation measures [if necessary] shall be submitted to and approved by the local planning authority in writing.

The remediation measures shall be implemented strictly in accordance with the approved scheme and a written report detailing the remediation shall be submitted to and approved by the local planning authority in writing prior to occupation.

Reason: To protect future occupiers of the development from the possible presence of ground contamination arising in connection with the previous industrial/storage use of the site in accordance with policy CS5 of the London Borough of Camden Local Development Framework Core Strategy and policy DP26 of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 6941).
- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 3 The Mayor of London introduced a Community Infrastructure Levy (CIL) to help pay for Crossrail on 1st April 2012. Any permission granted after this time which adds more than 100sqm of new floorspace or a new dwelling will need to pay this CIL. It will be collected by Camden on behalf of the Mayor of London. Camden will be sending out liability notices setting out how much CIL will need to be paid if an affected planning application is implemented and who will be liable.

The proposed charge in Camden will be £50 per sqm on all uses except affordable housing, education, healthcare, and development by charities for their charitable purposes. You will be expected to advise us when planning permissions are implemented. Please use the forms at the link below to advise who will be paying the CIL and when the development is to commence. You can also access forms to allow you to provide us with more information which can be taken into account in your CIL calculation and to apply for relief from CIL.

<http://www.planningportal.gov.uk/planning/applications/howtoapply/whattosubmit/cil>

We will then issue a CIL demand notice setting out what monies needs to be paid when and how to pay. Failure to notify Camden of the commencement of development will result in a surcharge of £2500 or 20% being added to the CIL payment. Other surcharges may also apply for failure to assume liability and late payment. Payments will also be subject to indexation in line with the construction costs index.

Please send CIL related documents or correspondence to CIL@Camden.gov.uk

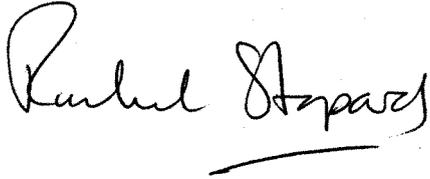

- 4 You are reminded that although the removal of the glazed link would result in a freestanding building this must remain ancillary to the main building and planning permission would be required for it to become a self-contained residential unit in its

own right.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.

Your attention is drawn to the notes attached to this notice which tell you about your Rights of Appeal and other information.

Yours faithfully

Rachel Stopard
Director of Culture & Environment
