Response:

I would like to register my objection to the change of use from public house to residential units. Before it closed, the pub was well liked and well used by local residents. The area does not need seven new flats. There will be significant disruption from the works associated with the excavation of the basement. The building stands out as obviously different from the surrounding architecture of the street, the roof extension will detract from the unusual detailing around the roof area and will have a detrimental affect on the overall character of the building.
