contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).											
Please provide the following information below: tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position											
and size) or reasons for not wanting to replant. E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

	Fell trees at 54 Fellows Road, London NW3 3LJ We are arboriculturists appointed on behalf of the building insurers of the above property.										
The removal of Hornbeam T1 and Ash T2 are proposed both as a remedy to the current subsidence at the above address and to ensure the long-term stability of the											
building.It is the view of chartered engineers that the property has suffered differential movement and subsequent damage consistent with clay shrinkage subsidence. We understand that the trees referenced in our plan as T1 and T2 are within a designated Conservation Area.
