**Response:**  
I think the proposal to ensure the building is occupied and in good condition again as well as the introduction of a retail space will enhance the local area further and provide additional security to the neighbouring properties.

**Response:**

I am a local resident and am keen to see sensible change of use approval that can warrant a successful and sustained business use at a property that has been redundant and neglected for many years.

I am therefore in full support of this application if it can mean a business can thrive in an already vibrant area. It doesn't make sense for Camden or local residents to have a building not contributing to the local community.
