12th August 2013

2013/SK87/new

Application ref. 2013/3106/L
40 Fergan Lane, Listed Building Consent

Dear Antonio,

Discharge of Condition 4

I enclose a sample of a typical window section of
the proposed double-glazed sash.

The sealed unit comprises 2 sheets of 4mm float glass
with a 4mm cavity and a white cavity closer.

All the glazing in the house is of a similar glass.
There appears to be no original glass remaining in
the windows.

An electronic application is being made concurrently
to discharge the conditions relating to floor finishes
and to the glazing section

Yours sincerely
John Druane
