04 July 2013

Dear Sirs

NEW DETACHED DWELLING – LAND ADJACENT 2 WILLOUGHBY ROAD, LONDON NW3 1SB  
APPLICATION REF: 2009/5607/P  
CONDITION 3 – EXTERNAL MATERIALS

Please find attached copies of the following drawings illustrating our proposals for external materials in respect of the above development:

1058:P:110	Proposed Front Elevation
1058:P:120	Visualisations – External Materials

The drawings illustrate the applicant's preferences in respect of the proposed external materials. His intention is that the left hand side of the building, viewed from the front, incorporates a traditional elevational treatment as it has been designed to reflect the character of the adjacent houses. However, the right hand side is of a more contemporary design and he wishes the external materials to reflect this.

The applicant wishes, at this stage, to agree the elevational treatment in principle prior to submitting material samples for your approval.

We would be pleased to discuss the proposals with you at your convenience.

Yours faithfully

Graham Randall  
Principal
