DP25 (Conserving Camden's heritage)

## Assessment

This approval of details application seeks the discharge of condition 4a of listed building consent 2009/0444/L. This required the submission of manufacturer's details and elevation drawings at a scale 1:10 of the proposed external platform lift in both its raised and lowered positions.

Drawings have been submitted which demonstrate that the platform lift will be of mild steel with a black painted finish, with 10mm clear glazed panels and glazed gates. These are in accordance with the approved plans and are considered acceptable. Recommend approval.
