Dear Charles

Please find enclosed our completed form for the 'Application for approval of details reserved by condition' for Condition 2 of the above application, along with a cheque for the required fee of £97.00.

The condition relates to approval of the cladding samples, which are:

- a. Vertical channel glass planks, as shown on application drawings L/2001 and L/2002
- b. Rainscreen cladding in two colours, as shown on application drawings L/2003, L/2004, L/2005 and L/2006

The samples have been made up as large panels showing the material and fixing system and are available for viewing on site. Please note that work is due to commence imminently and so we would be grateful if we could arrange for you to view these at your earliest convenience.

Enclosed are 2 no. A3 sets of the application drawings which we trust are sufficient to put the cadding samples in context.

Yours sincerely

Matthew Poulter
