

The Contractor's attention is drawn to the Health & Safety matters identified in the Health & Safety plan as being potentially hazardous. These items should not be considered as a complete and final list. The Work Package Contractor's normal Health and Safety obligations still apply when undertaking constructional operations both on and off site.

The diagram shows a diamond-shaped building footprint divided into a grid of 10 horizontal levels. From top to bottom, the levels are labeled: ROOF, SIXTH, FIFTH, FOURTH, THIRD, SECOND, FIRST, GROUND (ENTRY LEVEL), BASEMENT, and SUB-BASEMENT. The 'BASEMENT' level is highlighted in red. To the right of the footprint is a circular north arrow pointing towards the top right, labeled 'N'.

Existing rooms are labelled:

| | |
