Application Ref: **2012/2812/P**
Please ask for: **Conor McDonagh**
Telephone: 020 7974 **2566**

4 March 2013

Dear Sir/Madam

DECISION

Town and Country Planning Act 1990 (as amended)
Town and Country Planning (Development Management Procedure) Order 2010
Town and Country Planning (Applications) Regulations 1988

Full Planning Permission Granted

Address:

**Flat 1
50 Canfield Gardens
London
NW6 3EB**

Proposal:

Excavation of basement with rear lightwells and erection of single-storey rear ground floor level extension (following demolition of existing ground floor rear extension) all in connection with existing ground floor residential flat (Class C3).

Drawing Nos: Site Location Plan; Drawing No(s) (Prefix TCC/125/) X1; X2; X3; X4; X5; OD1 Rev B; OD2 Rev B; OD3 Rev B; OD4 Rev A; OD5 Rev D; OD6 Rev D; OD7; OD8 Rev B; OD9; (Prefix 1418) 01; 02; 03; 04.

Documents: Basement Impact Assessment by Land Science dated 28/05/2012; Basement Impact Assessment Response to Arup BIA Audit dated 20/12/2012; Basement Impact Assessment Supplementary Report by Enzygo Dec. 2012; Heritage and Design & Access Statement by Nicola Hicks Designs; Arboricultural Survey by Indigo Surveys dated March 2012.

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 No development shall take place until full details of hard and soft landscaping (including replacement tree planting) and means of enclosure of all un-built, open areas have been submitted to and approved in writing by the Council. Such details shall include details of any proposed earthworks including grading, mounding and other changes in ground levels. The relevant part of the works shall not be carried out otherwise than in accordance with the details thus approved.

Reason: To enable the Council to ensure a reasonable standard of visual amenity in the scheme in accordance with the requirements of policy CS14, CS15 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 3 All hard and soft landscaping works shall be carried out to a reasonable standard in accordance with the approved landscape details by not later than the end of the planting season following completion of the development or any phase of the development, whichever is the sooner. Any trees or areas of planting which, within a period of 5 years from the completion of the development, die, are removed or become seriously damaged or diseased, shall be replaced as soon as is reasonably possible and, in any case, by not later than the end of the following planting season, with others of similar size and species, unless the Council gives written consent to any variation.

Reason: To ensure that the landscaping is carried out within a reasonable period and to maintain a satisfactory standard of visual amenity in the scheme in accordance with the requirements of policy CS14 and CS15 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 of the London Borough of Camden Local Development Framework Development Policies.

- 4 All trees on the site, or parts of trees growing from adjoining sites, unless shown on the permitted drawings as being removed, shall be retained and protected from damage to the satisfaction of the Council. Details shall be submitted to and approved in writing by the Local Planning Authority before works commence on site to demonstrate how trees to be retained shall be protected during construction work: such details shall follow guidelines and standards set out in BS5837:2012 "Trees in Relation to design, demolition and construction".

Reason: To ensure that the Council may be satisfied that the development will not have an adverse effect on existing trees and in order to maintain the character and amenities of the area in accordance with the requirements of policy CS15 of the London Borough of Camden Local Development Framework Core Strategy.

- 5 Prior to the commencement of works on site, evidence in the form of a report and photographs demonstrating that tree protection measures have been implemented in accordance with the approved details, shall be submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure that the Council may be satisfied that the development will not have an adverse effect on existing trees and in order to maintain the character and amenities of the area in accordance with the requirements of policy CS15 of the London Borough of Camden Local Development Framework Core Strategy.

- 6 The development hereby approved shall not commence until such time as a suitably qualified chartered engineer with membership of the appropriate professional body has been appointed to inspect, approve and monitor the critical elements of both permanent and temporary basement construction works throughout their duration to ensure compliance with the design which has been checked and approved by a building control body. Details of the appointment and the appointee's responsibilities shall be submitted to and approved in writing by the Council prior to the commencement of development. Any subsequent change or reappointment shall be confirmed forthwith for the duration of the construction works.

Reason: To safeguard the appearance and structural stability of neighbouring buildings and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Development Policies and policy DP27 (Basements and Lightwells) of the London Borough of Camden Local Development Framework Development Policies.

- 7 The roof of the single storey extension hereby approved shall only be accessed for maintenance purposes and shall not be used as a roof terrace.

Reason: In order to prevent unreasonable overlooking of neighbouring premises in accordance with the requirements of policy CS5 of the London Borough of Camden Local Development Framework Core Strategy and policy DP26 of the London Borough of Camden Local Development Framework Development Policies.

- 8 Prior to the commencement of development details of a sustainable urban drainage system shall be submitted to and approved in writing by the local planning authority, following consultation with Thames Water and the Environment Agency and independent review of the technical submission by an appropriate professional appointed by the Council . The system shall be based on demonstrating a greenfield level of runoff for the site. The system shall be implemented as part of the development and be thereafter permanently retained and maintained.

Reason: To reduce the rate of surface water run-off from the site and limit the impact on the storm-water drainage system in accordance with policies CS13 and CS16 of the London Borough of Camden Local Development Framework Core Strategy and policies DP22, DP23 and DP32 of the London Borough of Camden Local Development Framework Development Policies.

- 9 The flat roof of the rear extension shall be designed to accommodate a green roof and details of the green roof shall be submitted to and approved in writing by the local planning authority before the relevant part of the development commences. The buildings shall not be occupied until the approved details have been implemented and these works shall be permanently retained and maintained thereafter.

Reason: In order to ensure the development undertakes reasonable measures to take account of biodiversity and the water environment in accordance with policies CS13, CS15 and CS16 of the London Borough of Camden Local Development Framework Core Strategy and policies DP22, DP23 and DP32 of the London Borough of Camden Local Development Framework Development Policies.

- 10 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policy CS14 of the London Borough of Camden Local Development Framework Core Strategy and policy DP24 and DP25 of the London Borough of Camden Local Development Framework Development Policies.

- 11 The development hereby permitted shall be carried out in accordance with the following approved plans:

Drawing Numbers: Site Location Plan; (Prefix TCC/125/) X1; X2; X3; X4; X5; OD1 Rev B; OD2 Rev B; OD3 Rev B; OD4 Rev A; OD5 Rev D; OD6 Rev D; OD7; OD8 Rev B; OD9; (Prefix 1418) 01; 02; 03; 04.

Reason:

For the avoidance of doubt and in the interest of proper planning.

- 12 No part of the development hereby approved shall be commenced until a Construction Management Plan setting out measures for ensuring highway safety and managing transport, deliveries and waste (including recycling of materials) throughout the excavation and construction period, has been submitted to and approved in writing by the local planning authority. The measures contained in the Construction Management Plan shall at all times remain implemented during the works.

Reason: In order to protect the pedestrian environment and the amenities of the area generally and to ensure the continued free flow of traffic in the area in accordance with policy CS5 of the London Borough of Camden Local

Development Framework Core Strategy and policy DP20 of the London Borough of Camden Local Development Framework Development Policies.

Informative(s):

- 1 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 2363).
- 2 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Compliance and Enforcement team [Regulatory Services], Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 4444 or on the website <http://www.camden.gov.uk/ccm/content/contacts/council-contacts/environment/contact-the-environmental-health-team.en> or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.
- 3 Reasons for granting permission.
The proposed development is in general accordance with the London Borough of Camden Local Development Framework Core Strategy, with particular regard to policies CS5 (Managing the impact of growth and development); CS14 (Promoting high quality places and conserving our heritage) and the London Borough of Camden Local Development Framework Development Policies, with particular regard to policies DP20 (Movement of goods and materials); DP22 (Promoting sustainable design and construction); DP24 (Securing high quality design); DP25 (Conserving Camden's Heritage); DP26 (Managing the impact of development on occupiers and neighbours); DP27 (Basements and lightwells). For a more detailed understanding of the reasons for the granting of this planning permission, please refer to the officer's report.
- 4 The Mayor of London introduced a Community Infrastructure Levy (CIL) to help pay for Crossrail on 1st April 2012. Any permission granted after this time which adds more than 100sqm of new floorspace or a new dwelling will need to pay this CIL. It will be collected by Camden on behalf of the Mayor of London. Camden will be sending out liability notices setting out how much CIL will need to be paid if an affected planning application is implemented and who will be liable.

The proposed charge in Camden will be £50 per sqm on all uses except affordable housing, education, healthcare, and development by charities for their charitable purposes. You will be expected to advise us when planning permissions are implemented. Please use the forms at the link below to advise who will be paying the CIL and when the development is to commence. You can also access forms to allow you to provide us with more information which can be taken into account in your CIL calculation and to apply for relief from CIL.

<http://www.planningportal.gov.uk/planning/applications/howtoapply/whattosubmit/cil>

We will then issue a CIL demand notice setting out what monies needs to paid when and how to pay. Failure to notify Camden of the commencement of development will result in a surcharge of £2500 or 20% being added to the CIL payment. Other surcharges may also apply for failure to assume liability and late payment. Payments will also be subject to indexation in line with the construction costs index.

Please send CIL related documents or correspondence to CIL@Camden.gov.uk

- 5 Your proposals may be subject to control under the Party Wall etc Act 1996 which covers party wall matters, boundary walls and excavations near neighbouring buildings. You are advised to consult a suitably qualified and experienced Building Engineer.

In dealing with the application, the Council has sought to work with the applicant in a positive and proactive way in accordance with paragraphs 186 and 187 of the National Planning Policy Framework.
