

APPENDIX 1

Summary of Consultation Responses

ANALYSIS OF RESULTS

Note that the major differences are that the views **Along Murray St** and **From UP St Augustines Road** raise significant C and D assessments. The re-detailing of this North West face should be considered if these opinions are considered significant

General Remarks

*Take a strong opinion: your view is like in the neighbourhood of your
 but with a better window elevation as the
 other buildings on St. Augustines Rd, also fine. But
 why this is a poor is a relation to anything. It could
 be a clear, approved window (unlike in its context)
 but I think the elevation is a poor view of the house.*
