

NOTES

1. All dimensions and levels to be checked on site. Client to be notified of any discrepancies.
2. All structural details to be checked against the structural engineers drawings.
3. This drawing to be read in conjunction with the other relevant project drawings and in addition, with structural, M & E engineers, approved sub-contractors drawings and current instructions.
4. All work to be undertaken with the requirements of the current Building and Water Regulations.
