Discharge of Condition 7

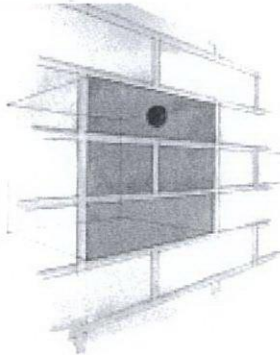

Further to receipt of your Grant of Planning Permission dated 20th May 2010, I now enclose additional information relating to the discharge of Condition 7 – Bird bricks.

For the bird bricks we propose to install sparrow boxes. These will be installed on the East side of the building; this will keep the birds warm in the morning and cool during the day.

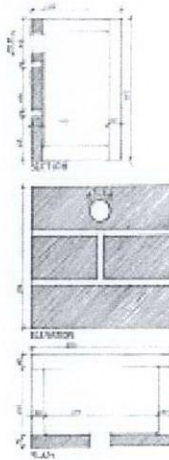

The boxes will be made of insulating concrete with internal cavity nesting space via a 32mm pre drilled hole and covered with a brick facing to match the approved materials. The dimensions of the box will be: Height 215mm – Width 215mm – Depth 135mm purchased from: nhbs (UK) Tel: 01803 865913 - Ref 197666.

The boxes will be situated a minimum of 3m above ground level under the eaves of the building and set within the fabric of the building.
