Dear Tom,

Finally sorted, after more phone calls, I will be paying for it.

As agreed verbally, can I have a written permission to cut down the tree, which has a protection order on it and we have spoken about it.

Looking forward to your reply,

Nicky

Dear Nicky,

I am trying to establish who it is that you would really need to discuss the responsibility for the removal of this tree with. From previous experience the person you really need to talk to would be the district housing officer in your case I understand that this would be Max Black. Unfortunately everyone I have tried to talk to regarding this problem is out of the office today so we will have to wait until their return on the 21st to get an answer.

As I explained earlier my role is regulatory with regard to protected trees, I have no involvement in carrying out works to trees which are the responsibility of the Council.

I will make another attempt to contact Max tomorrow with a view to answering your question.

Kind regards,

Tom Little
