Thanks for your answer.
The Holm Oak is at the far end of the back garden, where there was once a branch of the Regent's Canal. The Bay tree is also in the rear garden but not so far from the house. I just want to cut off from the bay the branches that stick out beyond the majority of the foliage, i.e. make it a neater and narrower shape.
Hope this is the info you need.
Hero Granger-Taylor (Miss)
