Dear Mr Hutson,

2012/0815/P – 45 Sidmouth Street
Variation of Condition 11

We have today submitted an online application to vary Condition 11 of planning permission 2012/0815/P. The condition reads as follows:

All trees on the site, or parts of trees growing from adjoining sites, unless shown on the permitted drawings as being removed, shall be retained and protected from damage in accordance with the submitted arboricultural statement by CBA Trees dated July 2009.

As works are now underway site investigations have revealed the need to alter the tree protection Method Statement. We have discussed the revised Method Statement with you and are submitting it in support of this application. We seek that the wording of the condition be varied accordingly to:

All trees on the site, or parts of trees growing from adjoining sites, unless shown on the permitted drawings as being removed, shall be retained and protected from damage in accordance with the Arboricultural Method Statement by ACD Arboriculture.

A cheque for £195 is enclosed with this application. We trust the application can be validated on receipt. Please call if you have any questions.

Yours sincerely

Grant Leggett
