Mathias,
Because it is not a TPO request you don't need the species of the trees, it is the two trees near teh back wall of the garden of number 4, this is apparently sufficient for a conservation area notice. I frogot to identify the species unfortunately.
Best regards,
Tom

Dear Tom

We cannot amend an application that has been decided. A Decision Notice is final and cannot be altered. Two new records will be created for each address. Consultation will also have to be carried due to the proposed work being for the removal of the trees.

I need you to confirm the species of the trees in the rear garden of 4 Camden Gardens.

Many thanks

Mathias,
I have just sent an email to the generic inbox for planning about this. I need to amend the application.

I need to request removal of the willow in the back of number 3 and also to remove the two trees in the back of number 4.
Can the application please be amended

Thanks,
Tom
