Dear Sirs

**APPLICATION FOR PLANNING PERMISSION – TOWN & COUNTRY PLANNING ACT 1990
THE PROPOSED EXTENSION, ALTERATION AND REFURBISHMENT OF OFFICES
NO.11-14 WINDMILL STREET, LONDON, W1T 2JG**

We are instructed on behalf of the applicants, Bramblewell Ltd, to submit a full planning application for the:

“External alterations to the ground floor front facade, replacement 4th floor and erection of 5th floor extension (to no. 11-3), replacement of roof top plant room with new 5th floor (no.14); new windows to east elevation; replacement external plant at second floor; additional fire escape between 4th and 5th floor; and associated works”.

Under the provisions of the Town and Country Planning Act (1990) we are required to provide notice of the application to those parties with an interest in the land, subject of the application (see enclosed plan – not to scale) and as such, please find enclosed the requisite notice.

For clarity, the application site includes a substation which is located beneath the public highway. It is for this reason that we serve notice upon Camden Highways Department. We do not propose to amend the substation, nor carry out works which will affect the public highway. The proposed development only affects the building known as Charlotte House (No.11-14) Windmill Street.

Should you wish to view the application, the documents will shortly be available for public review at Camden Town Hall, Argyle Street, W1CH 8EQ but in the meantime, if you wish to discuss matters further, please do not hesitate to contact Chris Benham at this office.

Yours faithfully,

Turley Associates
