Hi,

I plan to work on the following sites which I believe are within a Camden conservation area. For access to these sites please contact Robert McCann who represents the property owner One Housing Group - Tel: 020 8821 5138 Mob: 07989202386:

- a.. 18 St. Paul's Crescent, NW1 9XL - 2 x sycamore trees in rear garden, 25% crown reductions to both trees.
- b.. 78 Agar Grove, NW1 9TL - fell cherry tree with structural damage on rear garden, replace.
- c.. Auden Place London NW1 8JR, behind 'The Albert' public house - fell 2 x sycamore trees damaging wall, as identified in the two documents attached.
- d.. 38-40 Fordwych Road, NW2 3TG - remove small tree in rear garden. This tree is easily identifiable as the tree which is pushing over the boundary wall.

Many thanks,

Jacob Sedgwick (agent)
