

Proposed Front Elevation

Line of lecture theatre height behind
Original Level 3 entrance doors
Drum lights fixed
LED strip lights behind canopy
to illuminate space
Glazed canopy located centrally
and mounted where existing light
fittings were to remove need for
additional drilling to columns

1980's addition- steps and
revolving door. Now the main
entrance to Level 4 reception

Existing pencil lighting on columns

45° Angle of concrete reflected in
angle of glazed canopy
Existing planters built into
shuttered concrete
