## 9. Demolition

b) Demolition of a building within the curtilage of the listed building: ☐ Yes ☒ No

c) Demolition of a part of the listed building: ☒ Yes ☐ No

If the answer to c) is Yes:

i) What is the total volume of the listed building?(cubic metres)	50,000m <sup>3</sup> <small>(Volume includes curtilage structures)</small>
ii) What is the volume of the part to be demolished?(cubic metres)	1234.5m <sup>3</sup>
iii) What was the (approximate) date of the erection of the part to be removed? (MM/YYYY) (date must be pre-application submission)	1928 & 1950s

Please provide a brief description of the building or part of the building you are proposing to demolish:

It is proposed that: A number of masonry brick walls are broken out to form openings between party walls; Floors are broken out for the two new lift shafts; Openings are broken out in the walls and floors at second and third floor level to form the new library; Rooflights are made over the new library; Non-original rear additions are removed.

Why is it necessary to demolish or extend (as applicable) all or part of the building(s) and or structure(s)?

It is necessary that openings for lateral connections and lifts are made to provide disabled access to the buildings as this is currently non-existent. In order to facilitate this the current lecture theatre must be relocated to the multifunction of the rear, these demolitions will reveal more original building fabric than at present. The current library is undersized and inadequate. It requires a larger space to operate and cannot function out of compartmentalised rooms.
