The Council has considered your application and decided to **refuse** listed building consent for the following reason(s):

Reason(s) for Refusal

- 1 The proposed glazing under the link bridge, by virtue of the infilling of the space would alter its appearance as a bridge and alter the composition of Centre Point as a whole, thus harming the special interest of the listed building.
- 2 The proposed alterations to the building's facade, results in the loss of original fabric

and alters the appearance of the building, thereby harming the architectural and historic interest of the building
