Drawing Title: Proposed Planting Plan	Sept 2012

Key:	Existing Trees	Proposed Hedge Planting
	Proposed Tree Planting	

- Notes:
- Ground levels to be reinstated to existing levels prior to development. Imported backfill to be conducive for tree growth
 - All plants to be planted in next available planting season.
 - All works to comply with BS4428:1989 'Code of practice for general landscape operations and good horticultural practice'.
 - All tree and shrub planting to comply with BS3936 Part 1 Specification for Trees & Shrubs'.
 - Prior to any excavations for tree and shrub planting, confirm service locations with site manager.
 - Thoroughly water in all plants
 - Excavate pits for shrub planting large enough to accommodate rootball without restriction or damage
 - Backfill with good quality soil
 - Well rotted manure or compost to be spread over planting areas
 - All planting to be carried out when ground is moist but free of frost or water logging
 - All plants to be of good stock
 - All plants to be watered in prior to and again after planting
 - All failures to be replaced

NOTE: The original of this drawing was produced in colour - a monochrome copy should not be relied upon
