Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

*E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.*

Sycamore tree to rear of property close to boundary with 8/10 Ferncroft ave. This tree has grown considerably and 30% reduction in size is requested.  
Cherry tree at rear of property adjacent to boundary with 24 Hollycroft ave. Two dead and potentially dangerous branches which need to be removed.
