

The Professional Arboricultural
Consultancy

**QUALIFICATIONS OF JAMES FULLER
ARBORICULTURAL CONSULTANT/SENIOR SURVEYOR
CBA TREES**

James joined CBA Trees in 2007 as a gap-year junior surveyor/arborist having attained the Foundation Degree in Arboriculture at Sparsholt College near Winchester.

During his first year with the practice, he gained experience in almost every field of our work, under the guidance and supervision of the more senior consultants. James has recently been appointed Consultant/Senior Surveyor, and is now professionally competent to undertake all elements of consultancy work, and in the main is working on large tree surveys and BS5837:2005 planning applications.

James services his growing portfolio of clients, undertaking site assessments, site monitoring, provision of advice to prominent development companies and preparation of Implications Assessments and Method Statements, and is a well respected member of our professional consultancy team.

As part of his professional development, James attained the Professional Tree Inspector's Certificate in November 2011.
