- G01: Glass terrace now free standing
- G02: Landscape to bridge link removed to lower level
- G02: Landscape to bridge link removed to lower level
- G03: WC increased for Lifetime homes, resulting in re-planning of staircase.
- G04: Bedroom moved to lower ground floor.
- G05: Bridge link pulled further away from unit 1, and levels adjusted so ramp not required.
- G06: Wall thickness increased to improve thermal performance and required for load-bearing structure.
- G07: Ducts required for vertical circulation of services.
- G08: Levels rationalised so internal ramps not required.
- G09: Entrance canopy added to protect wheelchair entrants from rain, as required by Lifetime homes.
- G10: Layout rationalised to be more efficient
- G11: Lobby added to unit 2 for improved residential amenity through improved security and reduce energy loss. Resulting in change to facade to improve daylighting and maintain compliance with mayors space standards.
