Please provide a full description and/or list of the materials/details that are being submitted for approval:

I am attaching a revised site plan showing location of waste storage and recycling.

My original submission on 30 April, 2012 included drawings of the proposed building which showed a different footprint from that which was approved. [This change was made without my knowledge or consent - to correct other errors in the original drawings which I was also not aware of.]

The new drawing uses the approved footprint.

Also, this revised drawing has internal width at ground floor level of 2000mm - again per the approved plan (and again having been changed without my knowledge).

I have also resubmitted a CMP (entitled "Construction Phase Health and Safety Plan). This was rejected last time on the grounds that it is "not a CMP". This time, I have attached a note pointing out where the specific requirements of the planning condition are dealt with.

I also explain that I cannot achieve a definitive, final CMP until this Version 1 is approved and I am in a position to appoint a Contractor - who will then submit Version 2 (and more if necessary, until everyone is happy...).

7. Part Discharge of Condition(s)

Are you seeking to discharge only part of a condition? Yes No

8. Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land? Yes No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact? (Please select only one)
