Dear Mr Markwell,

TOWN AND COUNTRY PLANNING ACT 1990  
NATIONAL PLANNING POLICY FRAMEWORK 2012

**Re: 24 – 28 Warner Street, EC1R 5EX**  
**Application: 2011/1826/P, condition 10**

**Approval of Written Scheme of Investigation for archaeological works**

I have received a copy of the method statement for an archaeological evaluation at the above site prepared by AOC Archaeology, in relation to condition 10 of planning permission reference 2011/1826/P. This accords with English Heritage guidelines and I would be pleased to monitor the works on behalf of the borough. I understand that works are scheduled to commence on 15<sup>th</sup> May 2012.

Should significant archaeological remains be revealed during the evaluation, further archaeological fieldwork may be required to mitigate the impact of development.

Following completion of the fieldwork, the results will be assessed and a report produced. I therefore recommend that the condition will not have been fully satisfied until all works are complete and any programme of analysis leading to publication has been agreed, if necessary.

Please do not hesitate to contact me should you need further information or assistance.

Yours sincerely,

Kim Stabler
