

PROPOSED FRONT ELEVATION

Hatching denotes line of new eaves to mansard roof to be constructed of welsh or spanish slate.

Existing parapet module to be infilled with glass balustrading across front facade. Allow for brick and render repairs to entablature.

Allow to apply the 'Window Care' and draught proofing systems to all existing windows, linings and cills to be retained. Redecorate.

New skylight windows to new mansard roof.

New dormer windows to new rear mansard roof.

New brick parapet to the rear.

New pipe work to be adapted. Contractor to allow for all necessary associated works.

Existing window to be infilled.

Proposed new branch connector SVP.

Allow to apply the 'Window Care' and draught proofing systems to all existing windows, linings and cills to be retained. Redecorate.

GENERAL NOTES

1. All existing windows and doors to be refurbished. Allow to apply the 'Window Care' and draught proofing systems to all existing windows, linings and cills to be retained. Redecorate.
