

West Cornwall Pasty Company Design and Access Statement for 6 High Holborn, London, WC1V 6DR

It is the company policy of the West Cornwall Pasty Company to seek interesting and historic or centrally located building for their sites.

Their portfolio of properties is quite unique in this respect with sites in important listed locations such Canterbury, Bath, Wells, Salisbury, Cambridge to name but a few.

The aim of the design of the store is to blend in with its surroundings and not affect the character, certainly of a listed building, our desire is to let the beauty of the building add value to the site, and do some of the work for us!

Overall the main objective is to produce a traditional looking outlet, working so well where planning issues are paramount. External signage has taken into account the appearance of the area, and is subtle and stylish and in no way detracts from the surroundings.

The company believes it has an attractive quality offer, encouraging footfall and value to any location, serving a delicious product in a traditional manner.

West Cornwall Pasty co had a pro-disabled policy and staff will be on hand to assist. The new open shopfront design will only assist in access.
