14. Materials (continued)  External doors - add description  Description of existing materials and finishes:							
Existing timber door painted black to be removed.							
Description of <i>proposed</i> materials and finishes:  The door will be replaced by a bespoke softwood openable double glazed window unit.							
Are you supplying additional information on submitted drawings or plans?  ( Yes							
If Yes, please state plan(s)/drawing(s) references:							
Please see Photographs and Photomontages for images of the existing building, in the locations of the major changes.							
15. Foul Sewage							
Please state how foul sewage is to be disposed of:							
Mains sewer Package treatment plant Unknown							
Septic tank Cess pit							
Other							
Are you proposing to connect to the existing drainage system?  Yes No Unknown							
16. Assessment of Flood Risk							
Is the site within an area at risk of flooding? (Refer to the Environment Agency's Flood Map showing flood zones 2 and 3 and consult Environment Agency standing advice and your local planning authority requirements for information as necessary.)  Yes  No							
If Yes, you will need to submit an appropriate flood risk assessment to consider the risk to the proposed site.							
Is your proposal within 20 metres of a watercourse (e.g. river, stream or beck)?							
Will the proposal increase the flood risk elsewhere? Yes   No							
How will surface water be disposed of?							
Sustainable drainage system Main sewer Pond/lake							
Soakaway Sisting watercourse							
17. Biodiversity and Geological Conservation							
To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals.							
or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals.							
or geological conservation features may be present or nearby and whether they are likely to be affected by your proposals.
