Ref: 445.3.1.1202.tc.01

2nd February 2012

Dear Sirs

**18 Stukeley Street. Pre application Advice**

Please find attached our pre application submission for the change of use of the above building from B1 Office to C3 residential. Unfortunately due to some problems with the Councils website it was not possible to make this submission on line and as agreed with your Mr Black we have submitted by email and trust that you can raise the appropriate invoice for the application fee.

We have attached existing and proposed plans together with a description of the proposals and supporting documents. We have raised a number of questions that we would like a response to within the written report.

Yours faithfully

Trevor Clapp
