

## **KXC Granary Building Unit 2**

### **METHOD STATEMENT DETAILS OF LIGHT FIXTURES AND FITTINGS**

#### **Nature of the Proposal**

To advise on the proposed light fixtures and fittings for the Granary Building Unit 2 (also known as the Granary Unit).

#### **Reason**

To comply with the Planning Condition set out under Listed Building Consent 2007/5230/L Condition 21-a-(xxi).

#### **Method Statement**

New light fixtures and fittings are proposed to be installed in the Granary Unit as shown in the attached drawings. All light fittings will be fixed to new ceiling elements.

In the front of house restaurant areas light fittings will be fixed to the new acoustic ceiling detail between the heritage timber beams. In the back of house kitchen, WCs, staff room and office the light fittings will be fixed to new suspended ceilings.

#### **Attached drawings**

Granary Building Unit 2 Front of House Lighting

Granary Building Unit 2 Back of House Lighting

The details identified will be incorporated into the scheme of works.

All works will be supervised by a competent supervisor.

No deviation is to be made to this method statement without it being confirmed in writing by the Construction Manager of Artemis.
