<i>Name</i>	Catherine Condron
<i>My enquiry is</i>	Hello. I have 2 holm oaks in my garden and a VERY large laurel/bay. They need attention and I have dealt with Martin Curtis in the past who has been most helpful. The large oak has a branch which leans right over the roof of my daughter's bedroom and I would really like to have that taken away - obviously without damaging the tree. The bay needs taken down a bit and tidying up and I'm not sure about the other oak. The leaves are covered in brown spots and seem a bit shriveled, it may be diseased? I always employ very reputable tree surgeons and would like to get the work done as soon as possible.
