

IMPROVED DESIGN

- A practical and economical cycle rack incorporating trough supports, supplied single sided for positioning against a wall.
- Available as a standard version with 350mm centres or with centres at 457mm to accommodate Post Office cycles including their letter carriers, safely and economically.
- Cycles are loaded horizontally into trough supports set at alternate high and low positions, base fixed only.
- Also available for 6, 8, 10, 15 and 20 cycle capacities, please speak to a Sales Advisor for overall lengths.

Please note: the handle bars of the cycle will protrude to either side of the rack. Please take this into account when allocating space.

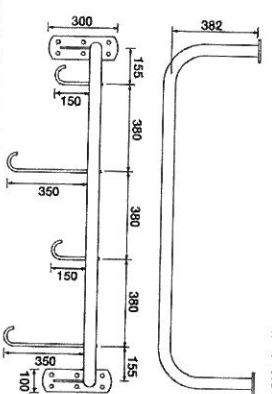

350mm Centres Hot dipped galvanized to BS EN ISO 1461:1999		Finish		Price
Code	Capacity	Length	Galvanized only	£385.00
BXMM/CON6	6 cycles	2100mm	Galvanized and Polyester Powder Coated	£410.00*
BXMM/CON6	6 cycles	2100mm		

BXMM/CON Conway Cycle Rack from **£355.00**

IMPROVED DESIGN

- Economical, space saving cycle rack.
- Bikes are set at alternate high and low levels so handle bars don't meet, therefore the support centres are closer together ensuring maximum use of space.
- Plastic coating on the hook supports protect the cycle wheel and spokes.
- Alternative lengths available please speak to a Sales Advisor for overall lengths.

Please note: the handle bars of the cycle will protrude to either side of this rack. Please take this into account when allocating space.
