

SECOND FLOOR
Proposed Layout

Notes:

All dimensions must be checked on site and not scaled from this drawing

All floor boarding to be lifted & set aside to be reused where possible to expose joist & lath grid.

"Backing up" to be undertaken with process of fixing timber battens with steel mesh, canvas & casting plaster with glues to bind loose plaster to floor joists.

Reform floor on completion of work & cover with oak boards stained to match existing.
