Dear Giles

As discussed this morning we have enclosed an A3 drawing which summarises the proposed details. The drawing shows a typical section through the guestroom separating wall showing the ceiling detail and one through the external wall and window. A plan is also included showing the window wall and separating wall junction.

We are grateful for your assistance with this.

Best regards

Kate

Subject: 111129 RE: Great Northern Hotel - Revised dry lining proposals to the bedrooms

Importance: High

Dear Giles

Following our recent discussions regarding the proposals to revise the current approved dry lining details to the guestroom ceilings and external (window) wall please find enclosed a letter outlining the teams views and substantiation for the changes. We believe that these detail changes are more sympathetic to the existing building and its' heritage and hope you can support the project with this proposal.

Please call if you have any queries.

Best regards

Kate
