Please provide the following information below : tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

Application to Trim Cypress in 33A

Note that the cypress extends more over my property than over 33A (and affects the light in my basement).

- The Cypress extends over my property by 8-9 feet, which is what I would like to trim off, still leaving the large bulk of the cypress.
- It has damaged the Silver Birch.
- "Needles" fall on my walk, especially that to my drain.

Dear Mr Hutson

I have lost my relevant files, but I believe I wrote to you earlier in the year about the enclosed letter. My recollection is that your name was passed to me as the appropriate contact –as it was a year ago- and that I wrote saying that I would write to you after the summer holidays. Please excuse the lapse of memory of an 88-year-old.

I should very much like to go ahead with the trimming of the tree concerned, especially as it has spread still further over my walk and is a real nuisance. You will no doubt wish to inspect it.

Yours sincerely

Revised for 11/12

Harold Rose.
