Tree removing application

Dear Sir/Madame

I would like to apply for tree removing permission. I am the owner of Flat 1 (garden flat) 37a Redington Rd NW3 7QY, Hampstead. One of the trees in my garden (I think it is cherry tree) looks completely dead. There was no leaves on it this year at all. It is a big tree with thick brunches and I think it is danger to walk in the garden especially as we have strong winds in the Autumn. I would like to remove it as soon as it possible. I do not want it to fall over on my property as it may cause damages or kill someone. Please feel free to contact my gardener Pawel Wojtaszek in case of any questions on 07917754772. He will be able to provide access to the property as I am very often away. I am also attaching the tree location map.
I am looking forward to hear from you.

Best regards.

G. RUBIN
