Re: 15 Bloomsbury Square WC1A 2LP Application Number 2010/6726/P

Condition 10 – Decision Notice 21st April 2011

Condition 10 of the above application states that no development shall take place until the applicant has implemented a programme of archaeological investigation which has been submitted by the applicant and approved by the council. The development shall only take place in accordance with the detailed scheme pursuant in this condition. The archaeological works shall be carried out by a suitably qualified investigating body acceptable to the Council.

This project is an internal refurbishment of an existing building and no major ground works have taken place. As such we would request that this condition be discharged on the basis that no archaeological watching brief is necessary.
