Dear Alex

I enclose application to remove small London Plane tree from the rear garden of 107 Camden Mews Hannah says that she has spoken to you and there is a T.P.O. on site the tree in her garden is about 10 years old I was wondering if you could cross reference as the boundary has been moved recently and looking at the tree in question seems unlikely to have a T.P.O. I have sent our quote for your convenience as i know you guys are busy but quite happy to meet on site if you like.

Kind Regards  
Andrew Wassell
