

- Notes:-
- This drawing represents design intent but the final built layout is subject to coordination by the architect.
  - This drawing is to be read in conjunction with all Electrical, Mechanical, Public Health, Structural and Architectural drawings.
  - Refer to schematics for ductwork sizes, pipework sizes and volume flow rates.
  - All ductwork terminating in dampers or open ends must be finished with 60% free area insect mesh with maximum hole size 1mm unless otherwise specified.
