

EXISTING SECOND FLOOR PLAN

NOTES

1. This drawing must not be scaled
2. The contractor is to check all dimensions on site

## NOTES

the determination as to be obtained on the basis of the contractor before any work is commenced.

In the case of apparent discrepancy refer immediately to supervisor.

The accuracy and completeness of this survey is dependent on the original survey brief including the scope defined.

The type and extent of information on the original surveys will have been matched to the client's original requirements.

Taskholder: Reviews scope on responsibility or liability to later without prior approval.

The detail of this survey was established for a brief requiring a C10 plot. It is therefore suitable for plotting or planning/describing at scales of 1:50 or above.

The survey grid is not related to Ordnance Survey National Grid.

Level positions are indicated by a cross.

Horizontal scale: 1000:1 (1:1000) (Scale as shown on topographic survey sheet)

Vertical scale: 100:1 (1:100) (Scale as shown on topographic survey sheet)

Minimum C10 and head heights indicated

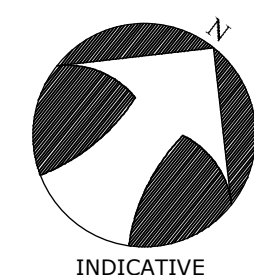

Notes: Grids are representative only and reference should be made to the title schedule if included in the survey brief.

Levels are taken on 1/4" half inch (1/4") vertical intervals.

Minimum C10 and head heights indicated

Notes: Grids and 1/4" half inch (1/4") vertical intervals
