NOTES
• Drainage pipe shown (where shown) have been traced from the surface for safety reasons and should be reported as appropriate only.
• True position (where shown) should be treated with caution and expert identification is advised.
• Although this is a digital survey the accuracy and extent of detail shown is only commensurate with the equipment used for recording.
• Visible features in the vicinity of the boundaries as shown above, may not represent the extent of legally conveyed elements.
• While every effort has been made to achieve accuracy on this plan, CRUCIAL dimensions, distances, areas and most levels should be checked prior to design and construction.
• Levels shown have been taken to the bottom of the channel.
• Areas of some underground cannot be surveyed in detail, these areas will be shown in outline only and marked as 'some underground' on the plan.
