## Site Description

The application site is located on a private road leading off Highgate West Hill. It comprises a large four-storey terraced building divided into flats (Class C3).

The site is not listed but is within the Highgate Conservation Area.

## Relevant History

53 Brookfield - 2010/5173/P: Erection of timber enclosure to existing rear (east elevation) balcony of second floor flat No. 53 (Class C3). *Approved 16/11/2010*

36 Brookfield - Erection of a timber enclosure to the existing service balcony at first floor level of the residential flat (Class C3). *Approved 03/10/2006*

### Camden Planning Guidance 2011

### Highgate Conservation Area Statement

## Assessment

### Proposal:

Permission is sought to erect a timber enclosure with a window around an existing side/rear balcony at second floor level.

The enclosure would measure 2.5m in width x 0.65m in depth x 2.4m in height.

### Assessment:

There is an established pattern of this form of development, with several flats that share the same rear return having had similar extensions erected. A significant proportion of properties in the rest of the blocks have also had similar extension, although there is no record of any planning permissions for these extensions except for flat no 36 (approved in 2006) and 53 (approved in 2010).

The proposed extension is consistent in design and materials to other extensions in the blocks. The extension would not be visible in the public realm although it would be visible from a private access road to the rear of the block. The character and appearance of the conservation area would be preserved and no harm would be caused to the residential amenity of any neighbour in terms of loss of daylight, sunlight, outlook, overlooking or sense of enclosure.

**Recommendation:** Grant.
